IMPLEMENTATION

Implementation in this project :

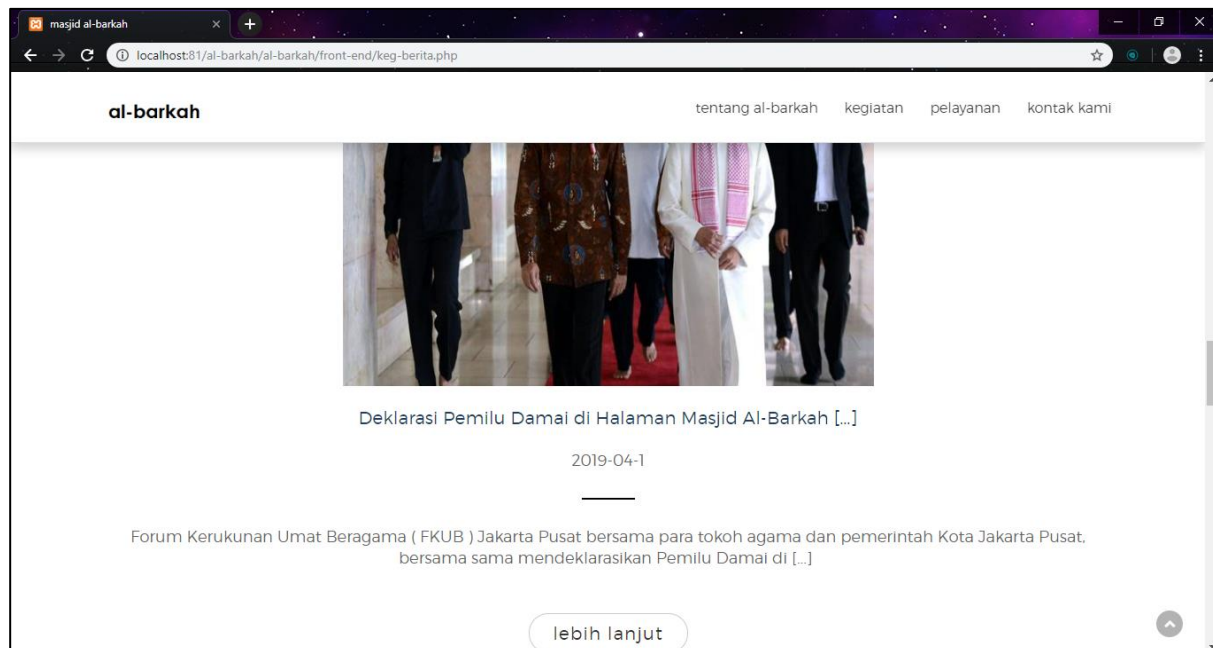

- Beranda : Implement Twitter-Bootstrap and Media Query for responsive web design. In beranda, it have a brief explanation about al-barkah.
- Tentang : Implement AngularJS, Twitter-Bootstrap also have Media Query for responsive web design. Tentang Al-Barkah page is page that explain history and other information of al-barkah.
- Kegiatan : Implement Twitter-Bootstrap and Media Query for responsive web design. Kegiatan page have two sub-bab, there are berita and kajian. These two both use Database to retrieve data for berita “news” and kajian “event”.
- Pelayanan : Implement Twitter-Bootstrap and Media Query for responsive web design. Tentang Al-Barkah page is page that explain the service that al-barkah have.
- Kontak Kami : Implement Twitter-Bootstrap and Media Query for responsive web design. Kontak Kami page is page that user can add some feedback to the web, also have contact number, email or addresss.
- Login : Implement Session and use Database to retrieve admin account. In login admin can login to go to the dashboard and create a session.
- Register : Implement Session and use Database to create admin account. In register admin can create new admin account.
- Lists : Implement Session and use Database to retrieve data. In dashboard lists can search, sort and see data such as Berita “news” also can delete and update data.
- Add : Implement Session and use Database to create data. In dashboard, add can create a new data.

PREVIEW OF APPS

Application Preview using Screenshot:

PREVIEW OF APPS

PREVIEW OF APPS

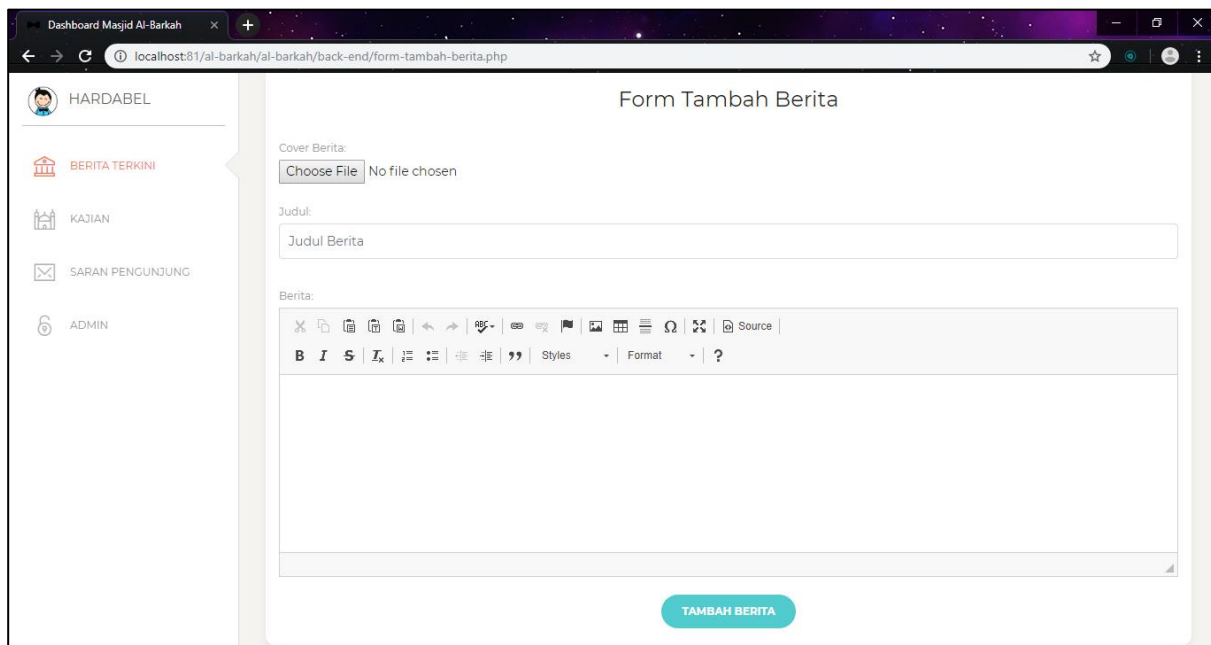

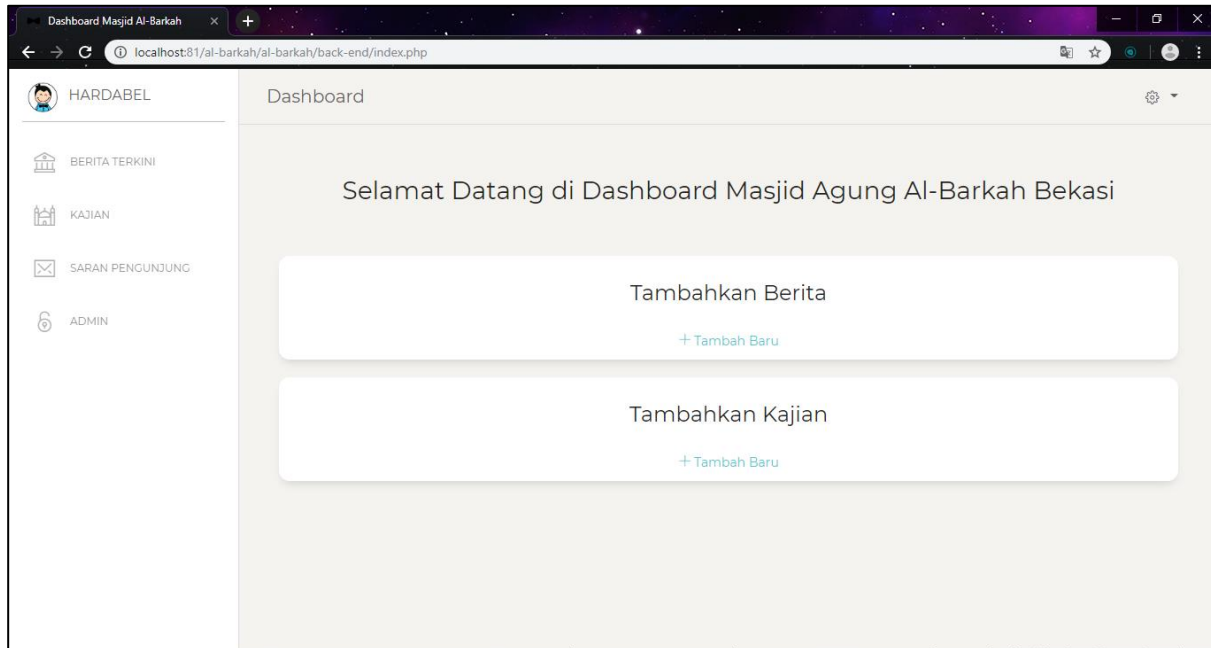

The screenshot shows a web browser window with the title 'masjid al-barkah'. The address bar displays 'localhost:81/al-barkah/al-barkah/front-end/kontak-kami.php'. The page header includes the logo 'al-barkah' and navigation links: 'tentang al-barkah', 'kegiatan', 'pelayanan', and 'kontak kami'. The main heading is 'kontak kami'. The contact information on the left includes a location pin for 'Jl. Veteran No.46, Marga Jaya, Bekasi Sel., Kota Bks, Jawa Barat 17141', a phone number '+1-670-567-5590', and an email 'albarkah@gmail.com'. Below this are social media icons for Facebook, Twitter, Google+, Pinterest, and Instagram. On the right, there are three input fields labeled 'nama', 'e-mail', and 'tulis pesan'.

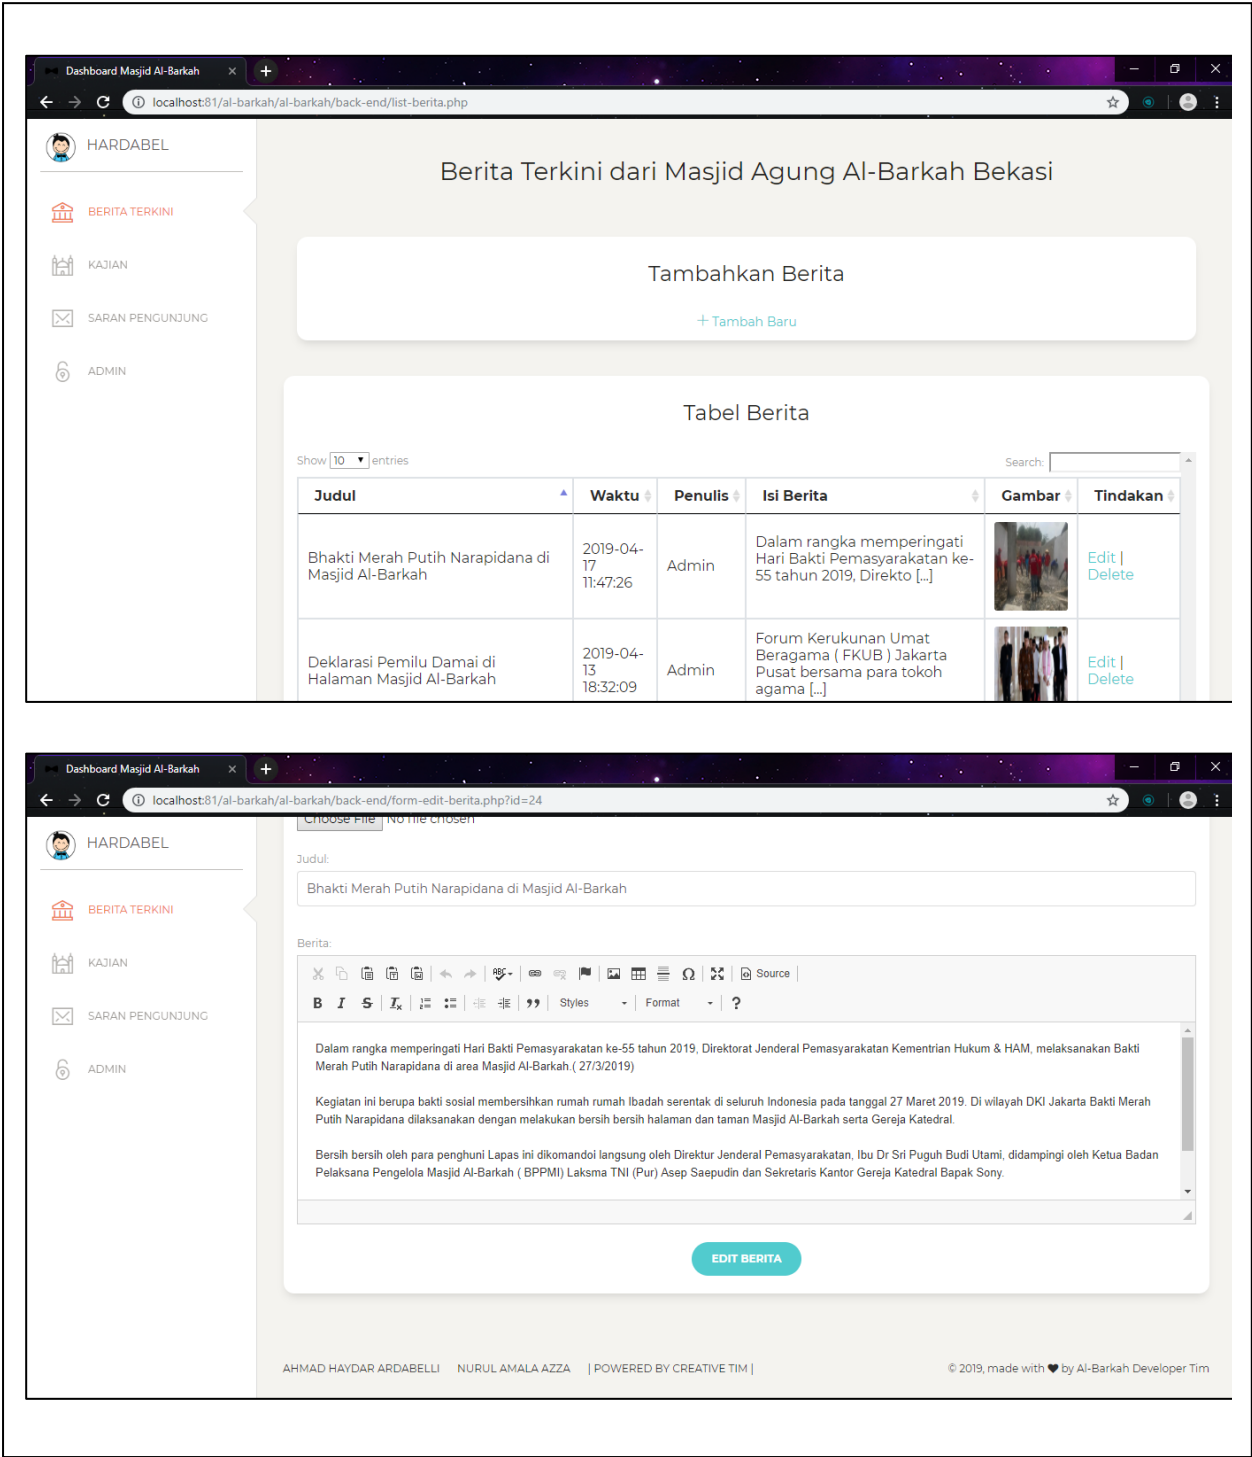

The screenshot shows a web browser window with the title 'Login Admin'. The address bar displays 'localhost:81/al-barkah/al-barkah/back-end/loginPage.php'. The page has a light gray background with the word 'login' centered. A white login form is centered, containing a label 'hardabel', a password field with masked characters '*****' and a toggle icon, and a checkbox labeled 'remember'.
